

# Ring Size Measuring Tool

**1** For accuracy, please make sure that you print this PDF at 100%

**2** Determine which finger you would like to wear the ring on.

**3** Measure the chosen finger at its widest point between the lines

**4**  Double check to be sure the widest point of your finger is inside the lines

**Please be aware:**

- This printable ring measuring tool serves as a guide to help you size your finger at home.
- If your finger is between two sizes, select the larger size.

- Ensure that your hand is not swollen, sweaty or cold during sizing as this may change your size. It is best for your hand to be dry and warm during the sizing process.
- Best would be to size in a room temperature setting. The most accurate way to measure your size is using a metal sizer via a jeweler or jewelry repair shop.
